

MS in Biomedicine Committee Interview Request Check List

Prior to writing letters of reference for students who are applying for entrance to graduate level medical or health science schools, students should request an interview with the MS in Biomedicine Faculty Committee through the Administrative Coordinator, see contact information below.

By February 28

- Complete *Reference Letter Request Form*

By the date of your mock interview (April/May). Give or email these documents to the Administrative Coordinator no later than the morning of your interview.

- Complete *Application for Committee Interview*
- Complete *25 Competencies Document*
- An “unofficial” copy of your current EMU academic transcript.
- A professional resume. See Kimberly Phillips (kimberly.phillips@emu.edu), Director of Career Services for information about preparing a professional resume.
- A short description of three professional health science schools for which you may be a competitive applicant and a rationale why you are matched for these schools.

After your interview

- Complete a personal statement and have it reviewed by an EMU adviser.
